A Message From Your Event Coordinator

Although 2020 was a year of cancelled events and new ways of doing things, 2021 is upon us and can provide an opportunity to start anew. A new year to think outside the box and be even more creative than we have been. A new year to have hope. A new year to have gratitude for the things we can do and the things we will do.

Here at the Chamber, we have been busy working with the City of Valley City on a HUGE project that will bring economic life to our beautiful city and our businesses. It will leave an economic footprint like we've never seen. We are very excited to share all the details in the coming weeks. Stay tuned!

Kay, Amanda and I would like to give a HUGE thanks to all of our customers, businesses and Chamber Board that work with us on a daily basis at the DMV and with Chamber activities. We appreciate each and every one of you and look forward to a wonderful year ahead!

Are You Struggling with Balancing Responsibilities?

It's a challenge, but it is possible to succeed.

For many people, balancing the responsibilities related to work, family life and money is challenging. This seminar will help you focus on what's important and how to improve the balance in your life. Since personal financial habits play a major role in successfully reaching that goal, three solid financial habits are discussed in detail:

- Determining your financial well-being score
